

THE ANDERSON BAR

Welcome to The Anderson Bar, nestled in the serene beauty of our surroundings. Our establishment was lovingly crafted by our first General Manager, Mr. Anderson. Mr. Anderson discovered this spot because of the beautiful big baobab tree, rumoured by local chiefs to be over 1000 years old and possess magical powers. Understanding the significance of this magic, Mr. Anderson poured his heart and soul into every detail of creating this restaurant in this enchanting location. Although he is no longer with us after an illness, we've honoured his memory by preserving his favourite spot and naming it in his honour.

While much remains unchanged, we're excited to introduce you to our updated menu. But before diving in, let us share a bit about our culinary philosophy. We're committed to sourcing the most sustainable and eco-friendly ingredients at The Anderson Bar. Situated amidst nature's embrace, we feel responsible for minimising our environmental footprint and contributing positively to our ecosystem.

We take great pride in supporting our local community, sourcing most of our products from nearby villages and suppliers. Our kitchen celebrates the rich tapestry of Tanzanian cuisine, blending traditional techniques passed down through generations with flavours and influences from around the globe.

Should you have any questions about our dishes or ingredients, our attentive waitstaff is here to assist you. Thank you for choosing to dine with us, and we hope you enjoy your culinary journey at The Overhang.

FROM THE GARDEN
